

Welcome to our Obstetrics Practice!

Our Alliance group is made up of many providers all dedicated to giving you excellent care. All of our Doctors, Midwives and Nurse Practitioners have photos and bios on our website to help you get to know us a little. There will always be a Doctor on call and covering patient needs at Sparrow Hospital. We now also have Midwife coverage at Sparrow Hospital.

Alliance offers several different pathways to choose from for your obstetrical care: Midwifery Care, Traditional Alliance Care and Centering Pregnancy Care. Please see the "Pregnancy Care Options" hand out on the Patient Education page of our website under Nurse Intake Visit for more information on care pathways.

For your convenience, Alliance has offices in two different locations. Our Main Campus is located in East Lansing and our South Campus is in Mason. Our Doctors, Midwives and Nurse Practitioners rotate between and provide care at both offices.
