A letter from Alliance ObGyn regarding Midwife services:

The purpose of this letter is to inform you that Alliance has made the difficult decision to discontinue our obstetric midwifery service in its current format due to the continued difficulty in recruiting Certified Nurse Midwives in our area. All Alliance deliveries will be done by our physicians. Our Certified Nurse Midwives will remain on our team at Alliance and continue to work collaboratively with our physicians to provide the best care possible for all our patients.

Our midwives will continue delivering at Sparrow Hospital through June of 2022. After that time, they will see patients in our clinics and provide care at Sparrow Hospital on a minimal, as needed basis. Our patients' health care is extremely important to us. Rest assured we will discuss your individualized care plan at your next visit.

We are confident that you will continue to receive exceptional care from all our providers as we move forward. We appreciate the amazing care that all the Alliance Certified Nurse Midwives have provided over the years and will continue to provide to our patients in clinic.

Please do not hesitate to contact our office at 517-484-3000 with any additional questions or concerns. Our patients' care is our highest priority.

Sincerely,

Alliance OBGYN
