

## **Information regarding your appointment at Alliance**

***\*Please note that due to the rapid nature of Covid updates, recommendations and office policies may have changed when you arrive for your appointment.***

- **To best protect our patients and staff, Alliance ObGyn will be following the CDC recommendation to require masks in a healthcare setting regardless of vaccination status.**
- **Patients are allowed to bring one adult visitor per appointment. Visitors must enter the building with the patient. All patients AND visitors are required to wear a mask at all times.**
- **Patients are asked to see the front desk receptionist to check in for an appointment or when visiting the Sparrow lab.**
- **If you have symptoms of *fever, cough, body aches, sore throat, nausea, vomiting, diarrhea, anosmia (loss of sense of smell), inflammation of whites of eyes, shortness of breath or difficulty breathing*, you will not be allowed in the building. You need to call the Covid-19 Hotline at 1-877-205-1300.**
- **We are using telemedicine for visits that qualify. Please advise our staff when scheduling your appointment if you prefer a telemed visit. If you are already scheduled for a visit and start with symptoms of Covid, please call our office as we may be able to switch your appointment to a telemed visit.**
- **Alliance is still providing delivery care at Sparrow Hospital.**
- **The Sparrow lab in our Mason office is closed. The Sparrow lab in our East Lansing office is open normal hours (Monday – Friday from 8:00 am – 5:00 pm, closed daily from 12:30 – 1:30). Please stop at the front desk to let them know you are visiting the lab.**
